

# Curvy Gatefold Card

*If you are a perfectionist (like me), these instructions will help you draw perfectly spaced curvy lines for a curvy gatefold card.....*

1. Make a template by drawing pencil lines to find center of 4-1/4" x 5-1/2" paper.
2. Draw pencil lines around two ovals positioned as shown.
3. Cut on curvy line as pictured.
4. Use your template and position on 10" x 5-1/2" cardstock cutting, scoring, and folding as shown.
