

# PUNCH ART KITS

**FIRST OF ALL...** These are examples of Punch Art Cards. The images are simply punched out of (what else?) punches! And I have bazillions of **Punch Art Kits** for Show-n-Tell. **But for another time!**

## THIS IS HOW IT WORKS

- When you decide to give it a try... month-by-month, on or around the 20th, a package made with creativity and love will arrive in your mailbox.
- Inside the package you will find a **PUNCH ART KIT**, consisting of supplies and cool embellishments needed to make several cards and/or kits with unique and special themes in colors of the season. The kit will also include simple instructions with pictures.
- Some of the occasions and themes you may look forward to are... Babies, Birthdays, Christian, Congrats, Get Well, Graduation, Hello, Holidays, Hooray, Kids, Masculine, Sympathy, Thank You, and Thinking of You. (And Yes! Remind me of others.)
- Of course when you receive your kit you may get inspired and want to personalize and change it by using your own stamp images, and art paraphernalia. *Go girl* ➡
- Some of my subscribers send the parts and pieces of monthly **PUNCH ART KITS** to friends or grandkids so they may enjoy the assembling of their own paper kit surprise!
- Every kit, from greeting cards to holiday treat bags, are designed and made with attention to detail, and the variety will delight you. *I promise.*
- The cost is \$12 each month, paid in advance on or before the 10th of that month by check, PayPal, Credit Card, or Cash. (I will provide payment details on a separate sheet. Contact me by cell, text, or email with any questions you have.)
- **BONUS:** Any month that you choose to make a \$36+ order for yourself at my Stampin' Store, the very next Punch Art Kit will be **FREE** from me to you. When you place an online order from Stampin' Up it will be sent directly from them to you via UPS. (HOW TO ORDER from my Stampin' Store is included on the payment detail sheet mentioned above.)
- **WHY NOT GIVE IT A TRY FOR JUST A MONTH! Just for fun! Just for YOU!**
