

ZIG ZAG GATEFOLD CARD

The card above is layered with **Designer Series Paper** from the 2015-16 Annual Catalog. Creative imagination could turn it into a wild animal or another fun kid's card.

See corresponding numbered pictures on next page...

1. Cut cardstock 10-1/2" x 5-1/2". Score at 3-1/8" and 7-3/8" on the **Simply Scored Scoring Tool**, then fold.
2. When folded, you will have a center overlap of 2-1/8" on both layers. Draw lines across the top layer, 11/16" apart as shown.
3. Using a pencil and ruler, draw zig zag lines from point to point as pictured.
4. With **Paper Snips**, cut the zig zags on penciled lines.
5. Fold the cut side over the uncut side, and into a closed position.
6. Trace the zig zag pattern onto the uncut side as shown.
7. Cut the second side with **Paper Snips**.
8. The image pictured is with both sides cut and closed.
9. The finished zig zag card template is shown in the opened position.
